 Canada, Kingston

ISSIPNN'94

April 14-16, 1994

Hong Kong Convention & Exhibition Center

Hong Kong

1994 International Symposium on Speech, Image Processing & Neural Networks

Organized by :

IEEE Hong Kong Section, Signal Processing Chapter

Co-Sponsored by :

IEEE Signal Processing Society

Call For Papers

Topics include (but not limited to) :

- Speech production, perception, coding, recognition, understanding & language modeling, enhancement and noise reduction, analysis, synthesis, and speaker recognition.
- Computer vision, scene analysis, image understanding, image & video coding, modeling, wavelets, color images, feature extraction, segmentation, pattern recognition, sensor fusion, fast algorithm, and software & hardware techniques.
- Artificial neural network theory and applications, network architecture, algorithm, adaptive resonance theory, supervised & unsupervised learning, neural fuzzy system and neuro-recognition.

Prospective authors are invited to submit four copies of **extended summaries of 1000-1500 words**, with illustrations if necessary, and an **abstract of less than 100 words**, to the Program Chairman:

Dr. Chorkin CHAN, Department of Computer Science,
 University of Hong Kong, Pokfulam Road, Hong Kong.
 Fax : (852) 559-8447, Email : cchan@csd.hku.hk
 Tel.: (852) 859-7075

Authors' Schedule :

Deadline for extended summaries : October 4, 1993

Notification of acceptance : December 20, 1993

Submission of camera-ready papers : January 31, 1994

In cooperation with IEE Hong Kong Center, HKIE Electronics Division
